

## Assessment of papers submitted

### Welsh O&G Society Conference [*date*] Competition Papers

#### Suggested 'Rules'

Competition open to SpRs, Research Fellows, and Staff Grade doctors.

Papers to be submitted under three categories: original research, case reports, audit.

All submitted abstracts to have substantial content and, for audit and research, must contain summary of results and conclusions. 'Data and conclusions will be presented' will not suffice.

Papers received after the published deadline will not be considered, whatever their merit!

Local modifications to rules may apply and will be advertised.
