

Core Committee Member - Person Specification

(Time commitment 1 hour per week)

The UK Audit and Research Collaborative in Obstetrics and Gynaecology (UK ARCOG) is a national collaborative of trainees in O&G, passionate about improving care for patients through national audit, service evaluation and research projects. We are an O&G trainee-based organisation with representation at the RCOG Academic Board, National Trainees Committee and Blair Bell Research Committee.

At present, we are co-applicants on two NIHR funded studies, as well as leading projects from within UK ARCOG, recognising all those who contribute to this work as co-authors or as acknowledgements. We are looking to expand our core committee to help oversee the running of UK ARCOG, as well as vet project proposals and co-ordinate them at a national level, liaising with the regional representatives.

Essential

- Commitment to further and develop audit and research in women's health care.
- An understanding of the importance of rigorous data collection and record keeping.
- Good communication and organisation skills.
- Ability to liaise with regional leads where required and help to deliver national projects co-ordinated by the UK ARCOG.
- Participation in (virtual) core committee meetings (4-6 x a year)
- Help to review UK ARCOG research applications, develop these ideas further and where required help to feedback to applicants' outcomes of applications.

Desirable

- Intercalated or Higher Degree.
- Participation in research.
- Evidence of participation in regional and or national projects.

To apply for this post please send an up-to-date CV with a cover letter stating why you are interested in this position and what you hope to bring to the UK ARCOG - info@ukarcog.org

Closing date 1st of April 2021.

UK Audit and Research Collaborative in Obstetrics & Gynaecology
Chair: Michael Rimmer e-mail: info@ukarcog.org
